

1300 Fax To Email

Critical Information Summary

Information about the Service

The Service

A 1300 fax to email service gives your business a national presence and your customers a single point of contact to send their fax documents to you.

1300 fax numbers are for receiving inbound fax communications only.

Fax documents are received in the TelcoEdge cloud infrastructure and converted into a PDF or TIF file which is sent to you as an email attachment. Other configurable options are also available to you, please contact our sales desk.

We provide you with an interactive interface where you can manage service preferences and view usage reports in real time.

Bundling

This service is not conditional on any bundling arrangements.

Minimum Term

1 month unless otherwise agreed or specified in an offering.
